

## **EMIP Partners**

### **National Project Reports**

The national project reports provide an analysis of mental health promotion/prevention in each of the partner countries, together with the findings from the national workshops.

You can also find further information about mental health promotion and prevention in EU member and applicant countries in the IMHPA Collection of Country Stories:

Jané-Llopis, E. & Anderson, P. (Eds). (2006). Mental health promotion and mental disorder prevention across European Member States: a collection of country stories. Luxembourg: European Communities.
